Our Story...

The bakery was established in 1982 near California, Mo at Leonard & Suetta Hoover's first home. They sold at farmer's markets in California, Jefferson City and Sedalia.

In 1987, the Hoover's moved to Tipton, Mo. While baking in the basement of their home, they began to sell baked goods and some baking ingredients in the garage. Business picked up and in 1993, a 50' addition was added to the garage. The space was quickly filled with bulk groceries and baked goods.

In 2013, the process was started to build an all new store building behind the original one. The new store was opened January 1, 2014 and the old store was torn away from our home to allow more parking space for customers.

In early 2021, the Hoover's residence was removed in anticipation of another store addition in the future.

January 1st, 2022, the business ownership was passed down and sold to the Hoover's two youngest sons, David & Simeon. The new addition to the store building was completed in early 2023.

Thank You for your patronage!
